

# CTE 1000

## Cellular Telephone Entry

# Specifications

### General Specifications

- Output: N/O or N/C contact 1-99 seconds
- Operating temperature: -15 to 158 Fahrenheit
- Dimensions: 11 3/16" H x 7 3/8" W x 5" D
- 8 Ohm Mylar speaker w/ call button
- Powder coated steel enclosure
- Ship weight: 12lbs

### Power

- 12V AC or DC (transformer included)
- Current draw:
  - 77 mA standby
  - 680 mA operational (average 1 minute call)

### Wireless

- Cellular – quad-band GSM
- Full duplex operations
- Omni-directional dome antenna attached
- Multi-Code RF transmitter (optional accessory)\*

### Relay Specs

	DC Load	AC Load
Contact rating	2A @ 30V	.5A @ 125V
Max switching voltage	125V	125V
Max carrying current	2A	2A
Max switching power	60W	62.5VA

\* Multi-Code is a brand of Linear LLC
